

RESOLUTION NO. 2011-180

A RESOLUTION OF THE LODI CITY COUNCIL AUTHORIZING THE  
CITY MANAGER TO EXECUTE TASK ORDER NO. 32 WITH WEST  
YOST ASSOCIATES FOR PREPARATION OF THE CITY'S REPORT  
OF WASTE DISCHARGE

=====

WHEREAS, the City's current wastewater discharge permit, issued by the State Central Valley Regional Water Quality Control Board, is scheduled to expire on September 1, 2012; and

WHEREAS, under the current master agreement executed January 13, 1999, West Yost Associates, of Davis, has been the City's primary wastewater engineering firm for the White Slough facility and has consistently provided the City with excellent service. However, since the City's relationship with West Yost Associates has spanned over a decade, staff felt it prudent to evaluate other companies in order to determine the best-suited firm for providing continued National Pollutant Discharge Elimination System (NPDES) permit assistance through the City's next permit cycle; and

WHEREAS, five firms were interviewed, and based on interview results, two firms were asked to provide a proposal for preparation of the City's Report of Waste Discharge. On October 14, 2011, proposals were submitted by West Yost Associates (\$33,100) and Stantec (\$29,000); and

WHEREAS, both firms are competitive in price and technical expertise; however, staff recommends selecting West Yost Associates as that firm possesses significantly more institutional knowledge of the City's current permit, treatment processes, and land application requirements.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby authorize the City Manager to execute Task Order No. 32 with West Yost Associates, of Davis, California, in the amount of \$33,100, for the preparation of the City's Report of Waste Discharge.

Dated: November 16, 2011

=====
